1. An extension of time under 37 CFR 1.136(a) is required in order to make an examiner's amendment which places this application in condition for allowance. During a telephone conversation conducted on March 29, 2006, Geoffrey Mantooth requested an extension of time for THREE MONTHS and authorized the Director to charge Deposit Account No. 23-2770 the required fee of \$510.00 for this extension and authorized the following examiner's amendment. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows: In claim 4, paragraph "c", after "outlet" (first occurrence), insert ---connected to a compressor crankcase---

Cancel claim 5.

In claim 6, line 1, change "5" to ---4---

2. The following is an examiner's statement of reasons for allowance: the claims are allowable because the prior art of record fails to disclose or teach the recited Vessel with a sump and an outlet connected to a compressor crankcase with a valve at the outlet and a thermal conductivity sensor located in the sump and above the outlet for controlling the valve (claim 4), or the steps of trapping oil and ammonia in a sump, sensing the thermal conductivity of the fluid in the sump, and determining the level of oil in the sump based on the level of thermal conductivity of the sensed fluid (claim 8).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
